

The Two Man Revolution Layout

By Ron Bankes Marine Services Ltd

(519) 586-2544

The name of the boat says it all. This two man lay-out boat has so many new ideas we had to call it the Revolution. We didn't compromise the traditional Lake Erie lay-out styling that has made our boats so successful in the past, we still have the long low deck profile and adjustable canvas spray shields. All of the revolutionary ideas are focused around your personal comfort and the towing performance of the boat. We have incorporated a dual cockpit design which enables each hunter to have their own personal space and at the same time reduces the overall cockpit opening as compared to boats with only one big opening. This dual cockpit theme is carried throughout the entire boat. You each have your own molded in gun slot down the deck, as well as your own tunnel to lay in. No more laying in someone else's or your dogs water!! On top of all these innovations we have specifically designed the boat to tow. It has been thoroughly tested in various different water conditions at a variety of speeds and has performed excellently. The boat can be towed at slow speeds as well as speeds up to 30 mph.

Specifications

Length : 14' Weight : 400 lbs
Beam : 7' Depth : 17"
